

OUR COMMUNITY

Bournemouth, Christchurch & Poole

Decisions for the future confusing? Unsure where to turn? In these different times it is more important than ever to get as much information as possible.

.....

The Community Fair at Rossmore was designed to give you access to the information you need to help support those important career decisions.

.....

As the 2020 event had to be cancelled, please use this booklet to discover the amazing opportunities that are in our local community.

Education is accessible for everyone.

These are some of the options you can choose from:

AECC University College

Transforming lives through Health Sciences

Based in Bournemouth, AECC University College is a highly esteemed and specialist Higher Education Institution.

Specialist health education in a unique environment
Shape the future of health at our specialist institution, dedicated to providing you with invaluable learning experiences. Our distinctive sense of community is strengthened by our multidisciplinary culture; at the heart of your studies you will be learning from our expertise alongside your peers within the health arena. Our small and welcoming campus means you can truly influence and harness the opportunities around you. Professional and personal support will underpin your academic success, driving you to reach your goals and fulfilling your potential.

Find out more at - www.aecc.ac.uk

Brockenhurst College

Brockenhurst College gives you a wider choice of A Level and Vocational courses than other providers, enabling you to select from more subject combinations.

The 36-acre campus in the New Forest is easy to get to by bus and train, and has an atmosphere of independence similar to a university.

High exam results and admissions to top universities, plus access to employment markets, means it attracts over 2,700 sixth form students a year.

Continued investment in facilities and teaching practices means students benefit from the most up-to-date tools and knowledge.

Progression, whether to university, an apprenticeship or employment, is top of the agenda, along with an emphasis on individual support for success.

At Bournemouth University (BU) our vision is to be recognised worldwide as a leading university for inspiring learning, advancing knowledge and enriching society through the Fusion of education, research and practice.

Graduate employment rates are consistently high at over 90% and in 2019, BU was named among the top 150 young universities globally by the Times Higher Education magazine. In the latest Research Excellence Framework, 96% of BU's research was rated as internationally recognised or above, with 18% of that deemed to be world leading. Not only that, but BU's teaching excellence has been recognised with a TEF Silver Award.

We have a community of over 19,000 students from over 100 different countries. The university is an important player in the local economy - research has found BU contributed in excess of £1 million a day to the South West region - and is widely involved in enriching the local community, as well as its students. BU also celebrates six years of partnership with Premier League football team AFC Bournemouth.

Since 1883, creative teaching and learning has been at the heart of AUB. Our teaching has been rated at the highest level for UK universities – OFSTED Outstanding for Foundation and Gold in the Teaching Excellence Framework for Bachelor-level study. Teaching at AUB embraces live briefs and adopts industry-led models of learning. You'll gain not just skills and knowledge, but also an understanding of how to “do it for real” and apply your creative energy in the workplace. Our students develop the attitudes and behaviours to set them apart in the job market.

Our facilities support this approach – they're state of the art and in parallel with, if not ahead of, current creative industry practice. We equip students with the right skills to thrive when they leave AUB and encourage industry to work alongside us to drive contemporary practice, research and innovation. AUB’s vibrant Graduate School sits at the junction of cutting edge industry practice and leading contemporary research into our creative subjects.
