Support for Schools and Colleges

Jobcentre Plus 'Support for Schools and Colleges' offer insight into the world of work and provide advice on post-16 options. The scheme is designed to help young people think about their future career ambitions and make plans to realise them.

Our aim is to support schools and colleges in working towards meeting the Gatsby Benchmarks with a focus on students who are at risk of disengagement and becoming NEET, or who are otherwise disadvantaged in the labour market.

At its heart this scheme is about supporting young people to prepare for the future so that they are equipped to make the most of it.

The offer is free and designed to build on and enhance support that is already available from other stakeholders. It is not intended to duplicate or replace any of the existing careers support available through other sources.

Our offer

Our offer can be delivered both virtually and in person while observing social distancing and any risk management actions required by a school or college.

Examples of the support we can provide:

- Information on routes into apprenticeships, traineeships and supported internships
- Sourcing employers for careers events or inspirational talks
- Mock interviews and feedback
- Raising awareness of the wide range of careers available to students
- Support and advice at parents' evenings
- Social media awareness
- Job search skills workshop
- CV workshop
- Employability skills
- One to one support
- Support facilitating experiences of workplaces
- Information on the local Labour Market and employers recruiting in the area

For further information on how we can support your school or college in Hampshire and on the Isle of Wight, please make contact and we'll be happy to discuss.
